# USCIS Celebrates Constitution Day and Citizenship Day 2024

*September 2024*

On Sept. 17, the nation observes Constitution Day and Citizenship Day as part of Constitution Week. This year, U.S. Citizenship and Immigration Services will celebrate by welcoming more than 17,000 new citizens in over 400 naturalization ceremonies across the nation between Sept. 14 and Sept. 23.

USCIS reaffirms its commitment to promoting citizenship and making the naturalization process accessible to all who are eligible. Since the beginning of the Biden-Harris administration, we continue to support the implementation of and actively collaborate with federal, state, and local partners to remove barriers to naturalization and ensure our laws and policies encourage full participation by immigrants in civic life.

As we mark and celebrate Constitution Day and Citizenship Day, USCIS is pleased to share some of our most recent naturalization promotion accomplishments.

## CITIZENSHIP PROMOTION HIGHLIGHTS

**Form N-400 Backlog Reduction:** During the 2024 fiscal year we effectively eliminated the backlog of Form N-400 naturalization applications. The current median processing time for naturalization is now under six months, which is the lowest since 2013. Learn more about USCIS' backlog reduction by form type on our [immigration data page](#).

**Enumeration Beyond Entry:** On April 1, 2024, we announced applicants filing [Form N-400, Application for Naturalization](#), will have the option to request the Social Security Administration (SSA) to issue an original or replacement Social Security card and update their immigration status with the SSA without having to visit an SSA office. To learn more, visit the [Enumeration Beyond Entry](#) webpage.

**National Immigrant Integration and Citizenship Education (NIICE) Conference:** USCIS collaborated with the White House Task Force on New Americans (TFNA) and the interagency Naturalization Working Group to plan and host the inaugural National Immigrant Integration and Citizenship Education (NIICE) Conference Oct. 17-18, 2023. With close to 300 participants representing both the public and private sector the conference provided a forum to discuss strategies to promote the integration and inclusion of newcomers.

**Citizenship Ambassadors:** The Citizenship Ambassador Initiative was created to support implementation of President Biden's [Executive Order 14012](#) to promote naturalization. Through the Citizenship Ambassadors Initiative, USCIS partners with immigrant community leaders who promote citizenship through their own immigration experience. USCIS has recently increased the number of ambassadors from eight to eleven, affirming the importance of this initiative and expanding its reach. To learn more, visit our [Citizenship Ambassadors page](#).

**FY 2024 Citizenship and Integration Grant Program:** Through the USCIS Citizenship and Integration Grant Program, USCIS seeks to expand the availability of high-quality citizenship and integration services throughout the country. Since 2009, the program has awarded 644 grants to organizations that offer English language instruction and citizenship preparation services to Lawful Permanent Residents. This year USCIS will award up to \$12.6 million in grant funding to organizations across the country for citizenship preparation and educational support programs. USCIS recently announced a new funding opportunity, the Citizenship Integration Training Academy (CITA) to provide a first-ever funding opportunity for organizations which have not received previous USCIS grant funding as part of our effort to further expand the availability of high-quality citizenship education services throughout the country. Through this program, organizations will receive rigorous training to support the development of new citizenship education programs. This grant also offers an optional component for funded organizations to pursue training to obtain Department of Justice accreditation. For additional information, please visit our [Fiscal Year 2024 Citizenship and Integration Grant Program page](#).
